## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: This is a report on the proposed amendment to the Code of Fair Competition for the Daily Newspaper Publishing Business, approved Code No. 288. The amendment applies specifically to hours and wages for news department employees and is in the form of an additional Section 3 to Article III and an additional Section 5 to Article IV. A Notice of Public Hearing, Administrative Order No. 98-C was issued December 27, 1934, and a Public Hearing was held on January 17, 1935, at which Hearing an opportunity was given to all interested parties to present to the National Industrial Recovery Board facts pertinent to the proposed amendment.

The hours of work proposed for news department employees shall be those provided in Article III, Section 1, paragraph 1 of the Code, but the definition of news department employees does not apply to persons employed in a managerial or executive capacity, to editorial writers, to employees on out of town assignment, nor to correspondents (except where a permanent bureau of two or more full-time correspondents is maintained.)

The minimum wage for full-time, salaried news department employees, will be determined by the population of the community in which the business of the employer is located, there being six broad classifications. Part time employees will receive pro rata rates based on the scale of minimum wages. Cub reporters will be paid not less than seventy per cent (70%) of the wage called for in the scale. Learners and apprentices, copy and office boys or girls, and employees engaged in clerical, filing or statistical work will be paid in accordance with the provisions of Article IV, Section 1 of the Code.

The Division Administrator, in his final report on the amendment to the Code, having found as herein set forth, and on the basis of all the proceedings on this matter:

We find that:

(a) Amendment to said Code is well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purposes of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of in-

dustrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7 and Subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendment on behalf of the industry as a whole.

(d) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For the above reasons the amendment has been approved.

For the National Industrial Recovery Board:

W. A. HARRIMAN,  
*Administrative Officer.*

MAY 2, 1935.
